EDUCATION SPOTLIGHT: In the fall of 2018, Western State Colorado University rolled out a new Outdoor Industry MBA program, the first of its kind in the United States. The outdoor industry in Colorado brings in more than \$34 billion in consumer spending, more than \$4 billion in wages and salaries, more than \$994 million in state and local tax revenue, and supports 350,000 jobs. The two-year online program is offered with either a Product or Service concentration and is for people already working in the outdoor industry who are looking to grow into leadership roles.
